

# CLIP-O-FLEX®

The sturdy rail is made of aluminum which makes it **light, strong, and stylish.**

The flexible clips can easily be positioned in 0/40/80° or 0/45/90° and slide along the rail.

**CLIP-O-FLEX** helps you organize your workspace and saves you valuable time!

Product- and Pricelist

# CLIP-O-FLEX®

## WHAT IS CLIP-O-FLEX ?

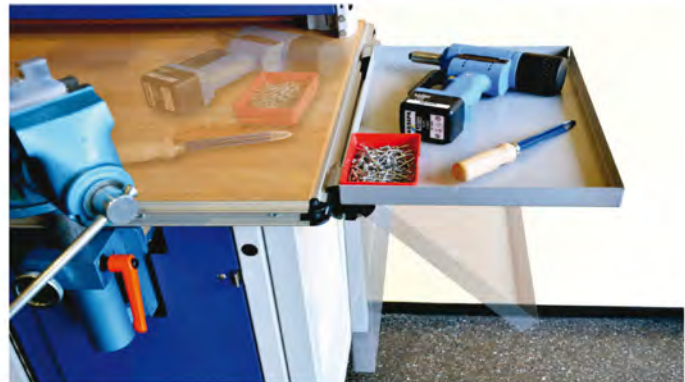

CLIP-O-FLEX is the most flexible *immersion system* on the market and an absolute world novelty in the field of workplace organization and process optimization. It allows for flexible handling of different working surfaces, classification systems with small parts or tool assortments.

No tools are required for adjusting angles or sliding your trays along the rail.

## YOU CAN USE IT AS

- Prefabricated trays in different sizes, for example in combination with a rigid foam insert.
- Rails and Clips can be ordered individually, which allows you all the flexibility to create a modern workplace to fit your needs.

Trays can be ordered with OPT-I-STORE rigid foam inserts from Metzler.

**CLIP-O-FLEX - THE FLEXIBLE CLIP ON SYSTEM**

SOLUTIONS WITH CLIP-O-FLEX®

**INCREASE YOUR PRODUCTIVITY!**

- fast access to your tools and parts
- flexible workplace design
- seamless transfer to multiple workstations
- quickly exchangeable and replaceable
- adaptable for any workspace
- rugged and lightweight aluminum construction
- quick and easy clip system
- practical display with easy access

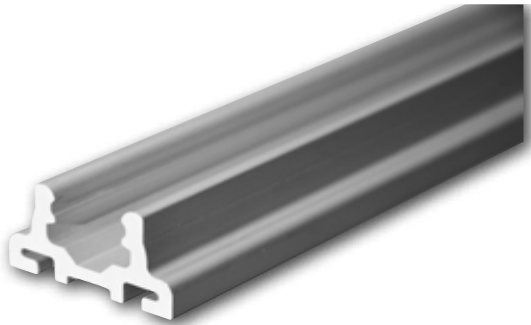

choose a desired angle - CLIP ON - and you are ready to work!

possible angles are 0/40/80° or 0/45/90°
