assembly station,
&
packaging needs.

RIGID FOAM INSERTS

more productivity through an organized workplace

- 02** Rigid Foam Inserts
- 03** Module Rigid Foam Inserts
- 10** Interlocking System
- 14** Metzler Tool-Scanner

OPT-I-STORE Rigid Foam Inserts

For the perfect storage of your tools, components, and presentation materials.

Manufacture

The rigid foam inserts are cut from one piece. The variety of pockets with varying depths make tool removal easy. By milling the rigid foam, process reliability is guaranteed. A precise measuring method combined with the highly accurate milling technology enables a custom-fit fabrication. Tools in the rigid foam inserts can safely be stored vertically, allowing for a convenient wall display.

Material Properties

Dimensions length and width up to 59" x 39 3/8" (1500x1000mm)
Standard thickness = 1 3/16" (30mm)
Standard color = black / blue

Product Characteristics

- oil-resistant PE foam inserts
- robust and light
- shock-absorbing properties
- odorless and durable

Two-Tone Style

With the METZLER-DESIGNER or METZLER TOOL SCANNER the black topcoat can be combined with a selection of contrasting colors like **Blue, Red, Green, Yellow or Gray**.

Because the rigid foam inserts are dichromatic, missing tools can easily be spotted. This offers you a better overview and avoids loss of your valuable tools.

YOU CAN USE IT AS

- rigid foam inserts for tools
- insert for a weapon case
- storage for sensitive components
- insert for presentation materials
- storage of cutting tools
- storage system

Increase your

PRODUCTIVITY

- allows fast access to your tools
- improves overview, tidiness, and control
- safely transport your tools
- offers protected storage
- high quality rigid foam is long-lasting
- quick recognition of missing items
- avoids overstock

Module Rigid Foam Inserts

Equipped with tools, standard color black / blue: dimensions 10 1/4" x 13 9/16" x 1 3/16" (W/L/H) 260x345x30mm

Equip your drawers with flexible module rigid foam inserts from MTS.

Model and Scope of Delivery

- Two-tone rigid foam inserts, made from polyethylene (PE) black / blue
- Dimensions **sub no.505 MG-565 MG**(W/L/H) 10 1/4" x 13 9/16" x 1 3/16" (260x345x30mm)
- Dimensions **sub no.590 MG:** (W/L/H) 20 1/2" x 13 9/16" x 1 3/16" (520x345x30mm)

Please note: *sub.no. 505 MG to 564 MG fill half a drawer.*
sub.no. 590 fills an entire drawer.

Module Rigid Foam Inserts Interlocking System

Equipped with tools, designed for your individual layout, standard color black / blue

Equip your drawers with flexible module rigid foam inserts from MTS.

Assembled rigid foam inserts can be attached to each other with an interlocking system. Fill unused space with flexible rigid foam inserts, which can easily be cut to any drawer size.

Model and Scope of Delivery

- Two-tone rigid foam inserts, made from polyethylene (PE) black / blue
- Dimensions: Part no. 505 MP - 565 MP (W/L/H) 11 13/16" x 17 3/4" x 1 3/16" (300x450x30 mm)
- Dimensions: Part no. 590 MP (W/L/H) 23 5/8" x 17 3/4" x 1 3/16" (600x450x30 mm)

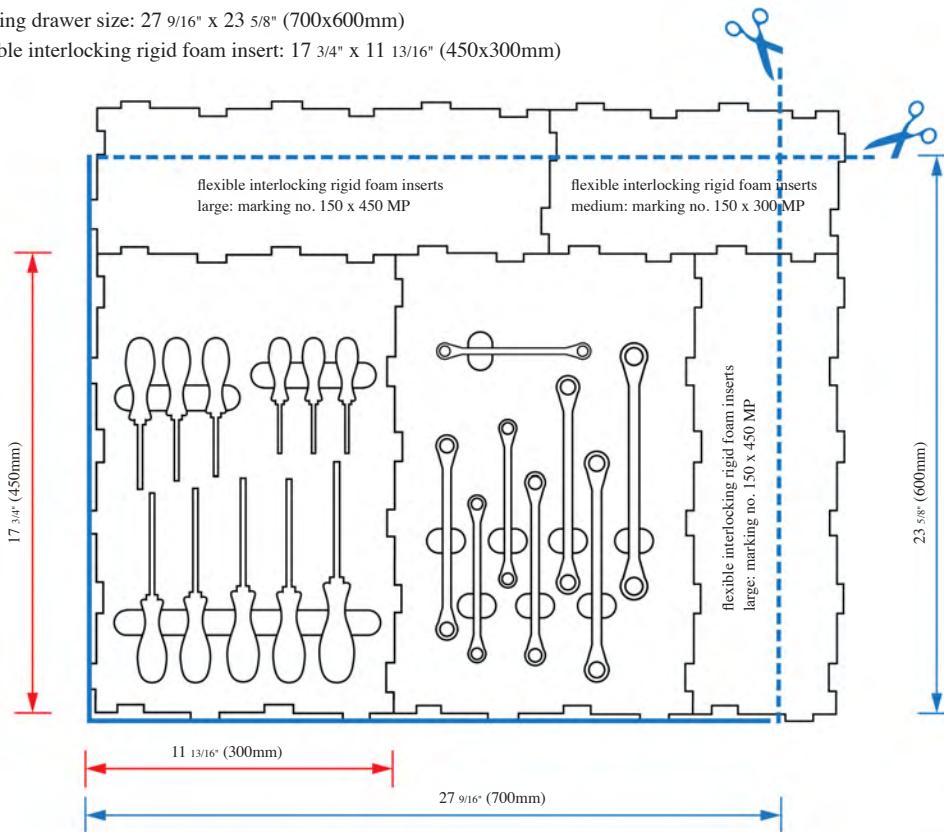

please note: additional uncut, flexible, rigid foam inserts can be ordered and cut exactly to the necessary size of an empty space.

See below an example of how rigid foam inserts can be combined:

existing drawer size: 27 9/16" x 23 5/8" (700x600mm)

flexible interlocking rigid foam insert: 17 3/4" x 11 13/16" (450x300mm)

standard untidy drawer

METZLER TOOL-SCANNER

OPT-I-STORE Rigid Foam Inserts for your already existing tools.

With our METZLER TOOL-SCANNER you, or one of our highly skilled employees, can arrange your own individual rigid foam insert to fit your needs.

Arrange your tools in any position you want – simple, fast and uncomplicated – everything according to your desire, right on site.

ADVANTAGES OF A TOOL-SCANNER:

- Capturing your own tools on site
- Capturing your existing tools
- Optional positioning
- Simple and uncomplicated capturing
- Without effort

ADVANTAGES OF RIGID FOAM INSERTS:

- Avoid excess stocking
- Quick access to tools
- Missing tools are quickly identified
- Easy removal
- A high level of order with a good overview
- Protected storage

Simple, fast and uncomplicated!

The METZLER TOOL-SCANNER contains everything you need for optimal usage. With our user friendly manual you will create the perfect rigid foam insert that fits your needs.

OPT-I-STORE

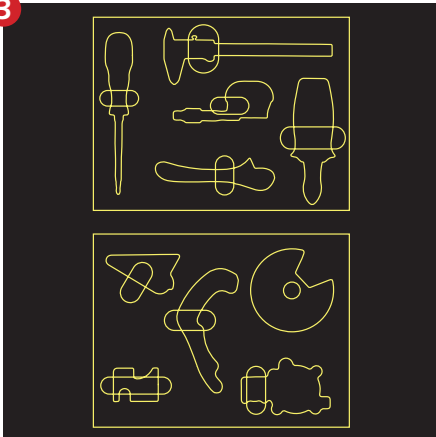

1

2

3

4

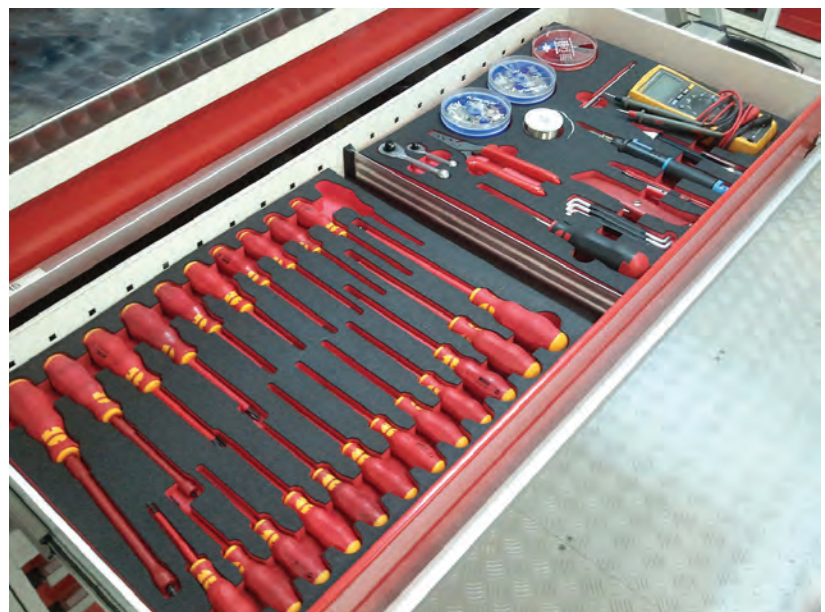

Procedure:

- 1 You capture your tools by means of the METZLER TOOL-SCANNER.
- 2 You forward us the **contrast images and the data**.
- 3 You will receive the final layout **including the finger hole positions** for your approval by e-mail.
- 4 After successful release your **OPT-I-STORE Rigid foam insert** is created.

Interested?

Should you have any **questions**, please contact us at
info@multitoolsystems.com

The optimal storage for your tools!
